Do not use drug or alcohol or be turned into Bigfoot, never to be seen again

### PROBLEM:

The Bigfoot Chief is trying to create slaves out of tiny bigfoots to do his chores. He's turning kids into tiny bigfoots by giving them drugs and alcohol and never letting them return home.

### SOLUTION:

Many of our kids have fallen victim to Bigfoot transformations because they do not know about the consequences of eating or drinking drugs and alcohol. To save them from the Bigfoot Chief, this proposal is to ban all drugs and alcohol in our community so they can stay safe at home with their families.

Do not be a bully or Creator will turn you into a rock.

### PROBLEM:

Kids are always bullying each other, not listening, and not behaving in class.

### SOLUTION:

Long time ago when Creator, the Animals, and skints all lived together, there used to be wars between the Animals and the skints. Both people didn't like each other and thought one was better than the other, so they bullied each other. Creator didn't like this, so he told them "You better be nice, we need to respect each other and you'll live happier lives. If you don't, I will turn you into a rock so you'll never bother anybody again." Creator and Council still talk to each other and Creator saw bullying was still a problem. This proposal is to let kids know to be nice, respect, and help each other, or be turned into a rock for the rest of your life.

Everytime you don't eat the ndn Foods, a rainbow poke-a-dot will appear on your body

### PROBLEM:

Food Chiefs (Bitterroot, Serviceberry, Bear, and Salmon) are getting mad because less and less škints are eating the foods.

### SOLUTION:

The Chiefs left the ndn foods for the people so they can grow up healthy and strong. There's lots of vitamins, proteins, and other things to keep illnesses away from people. More and more kids are eating unhealthy foods and letting the ndn foods go to waste, to help with this problem the Chiefs said "Every time škints don't eat the ndn foods a rainbow poke-a-dot will appear for the rest of their life."

Everytime you eat or drink sugary food it takes away power from your inner spirit.

### PROBLEM:

Creator gives everybody an inner spirit that keeps them healthy and gives them strength and brain power. This is an invisible light that shines brighter without sugary food. Kids are eating sugary foods, dimming their light.

### SOLUTION:

To save our kids from future light dimming, this proposal will raise awareness of the importance of staying away from sugary foods. The brighter your inner spirit grows the brighter our community will shine making it a happier and healthier place to live.

Learn to speak the language and you can travel the multiversal spirit world.

### PROBLEM:

škins used to be able to travel the multiversal spirit world to visit the Animal People, talk to the Creator, and get "Jedi" powers but you could only talk in ndn language. Kids stopped learning their languages, stopping them from travelling to other universes.

### SOLUTION:

More and more language and culture classes are being provided in the schools. If kids want to travel the multiversal spirit world this will help them navigate through the different universes.

Curiosity saves the people

### PROBLEM:

Curiosity is how people constantly learn about new things that will help the community as a whole. Kids stop being curious about the world around them, preventing the tribe from growing and helping its people.

### SOLUTION:

Providing more topics, resources, and encouraging kids to be more curious about the world will help the tribe as a whole. This proposal is to provide information for kids to inspire them and raise awareness about the importance of curiosity.

Always clean up after yourself or your left shoe will  
always be united

### PROBLEM:

Creator told the škints a long time ago that everything they have has a heart and a spirit but it's been so long the people forgot. When kids go hunting, fishing, digging, picking, they leave their trash all over the place.

### SOLUTION:

To stand up for the environment, Lefty aka the left shoelace refuses to be tied unless kids start picking up after themselves. This proposal is to let kids know to clean up after themselves or Lefty the shoelace will stay untied until they clean up after themselves.

Water is friends with people who don't pollute

### PROBLEM:

With modern inventions oil and gas have been leaking into the water. The river provides drinking water and homes to many animals but because of oil and gas the water can't help the people like he wants too.

### SOLUTION:

To put an end to pollution the water has decided to be friends with anybody who doesn't put oil and gas into the water. If a person pollutes, water will make it so they can not access it.

Each elder taken care of turns into a star.

### PROBLEM:

Help!!!! The elders are being abandoned!!!! More and more elders are feeling lonely and want to share their knowledge and stories so the younger generations can carry on traditions.

### SOLUTION:

Creator saw this and told tribal employees "take care of them old timers, take them food, sit down and listen for a little while. Every time an elder is taken care of, I will turn them into a star so they may watch over their loved ones." This proposal is let kids know, every time an elder tells you a story or shares their knowledge with you, you're helping them turn into a star.

The longer your hair, the closer to the Creator!

### PROBLEM:

Reports have been submitted to the Schools and Council about bullying against kids who have long hair.

### SOLUTION:

Most people don't know how important it is to have long hair. This represents the rain, snow, and connection between you and the Creator. The shorter your hair the less rain and snowfall, this is bad because we need this for our foods, rivers, and drinking water. This is also for you to talk to the Creator, in order to reach him you have to have long hair. This proposal is for kids to remind kids to keep their hair long!!
